INDEX TO VOLUME I.

Absorbent Qualities of Sea-Weed Charcoal..... 466
Academy of Science of Kansas, 1877.....450, 509
Academy of Science of Kansas City, 252, 317, 445, 509, 574, 638, 702, 766
Academy of Science of Leavenworth, Kas.,..... 640
Academy of Science of St. Louis.....624, 694
Adulteration of Food..... 374
Advice for Keeping Cool..... 297
Aerolite, an Immense one in California..... 52
Age of the Sun..... 630
Agricultural College at Manhattan, Kansas..... 702
Agriculture and Horticulture..... 53
Agriculture, Bearings of Meteorology upon..... 241
Alchemy, history of..... 456
Alcohol as an Article of Diet..... 182
Alkaline and Boracic Lakes of California..... 225
Almond Powder for the Hands..... 677
American Archæological Congress..... 509
American Exhibits at the Paris Exhibition, 1878... 761
American Inventive Progress..... 249
American Science Association.....318, 446, 509
Ammonia, action of upon flowers..... 627
Analogy of Sound and Light..... 98
Analysis of Sweet Springs Water..... 186
Anatomy and Physiology..... 500
Ancient Cookery..... 614
Ancient Earth-Works in Indiana..... 80
Ancient Perfumery..... 569
Anodyne Enema..... 499
Antiquities of the United States..... 203
Antlers of Deer, mode of development of..... 628
Ants, the Honey-Making, of Texas and N. Mexico, 365
Ants, Sir John Lubbock upon..... 111
Apparatus for Burning Petroleum in Locomotives... 39
Apparatus for Recording the Earth's Motion..... 497
Appearance of the Earth from the Other Planets... 669
Archæology.....2, 65 193, 531, 656
Architectural Science Teaching..... 410
Arctic, plan for the exploration of the..... 743
Arizona, distinctive flora of..... 380
Argentiferous Mud..... 270
Around the World..... 701
Arsenical Antidotes..... 676
Asbestos..... 442
Asbestos, a new use for..... 252
Asphaltum, Bitumen, Petroleum, &c..... 209
Assimilation of Silica by Plants..... 61
Asteroids..... 235
Astronomical Notes for January, 1878..... 698
Astronomical Notes—Mars..... 759
Astronomy.....101, 235, 407, 491, 513, 629, 663, 705
Astronomy, Photography applied to..... 495
Atmosphere in its Relations to Vegetation..... 162
Atmosphere, Geological relations of..... 605
Atmosphere and its Phenomena..... 710
Auroral Display in Colorado..... 50
Baldwin's Prehistoric Nations..... 370
Bathing in Summer, hints about..... 296
Bee Culture..... 54
Bengal, Storm Wave in..... 47
Berlin Pneumatic Dispatch..... 441
Berthoud, Prof. E. L.—Engineering in the Rocky Mountains..... 253
Berthoud, Prof. E. L.—A New Method for Illuminating a Town..... 753
Bismuth, Purification of..... 466
Bitumen, Asphaltum, Petroleum, &c..... 209
Blue Lamp Chimneys..... 61
Blue Glass Photography..... 250
Blue Glass Question, both sides of the..... 91
Book Reviews, 62, 128, 190, 256, 318, 370, 382, 447, 510, 570, 632, 700, 764
Boracic and Alkaline Lakes of California..... 225
Bowel Complaints and High Temperature..... 360
Boyle, C. B., Cosmoscope..... 103
Brain, effect of cutting off the Blood from..... 537
Brass; directions for polishing..... 466
Brazilian Meteoric Iron..... 628
Broadhead, Prof. G. C., on Bitumen, Asphaltum, &c 209
" " " Baldwin's Prehistoric Nations..... 370
" " " Meteorites and Shooting Stars..... 724
" " " Thickness of Missouri Coal Seams..... 392
" " " Missouri Iron Ores of the Carboniferous age..... 650
" " " Growth of minerals..... 693
Brush and Comb of the Hymenoptera..... 367
Bryant's Popular History of the United States..... 764
California, Earthquakes in..... 53
" immense Aerolite in..... 52
Canal, Isthmian, for Ships..... 89
Carbonized wood from Oregon, Mo 509
Case, T. S., account of the Meteor of Dec 21, 1876.. 39
" " " notes on the Sea Serpent question..... 106
" " " Storms of June & July. '77 272
" " " Hot Springs of Arkansas... 254
" " some objections to the Evolution theory 577
" " the Prevention and Extinguishment of Conflagrations..... 147
" " the Mineral Regions of Southern Missouri and Kansas 385
Catarrh, cause and treatment of..... 347
Causes of Explosions in Candy Factory in N. Y..... 703
" " Mines..... 686
Cement for Knives and Forks..... 570
Central African Habitations..... 248
Chemical Prizes..... 187
Chemistry.....60, 91, 147, 337, 429, 456. 749
" of Glass..... 463
Chilblains, Vance's Cream for..... 677
Children, Nearsightedness in.....30, 593
Chili, the Mineral Waters and Baths of..... 271
Chlorate of Potash in Diphtheria..... 499
Chloride of Calcium in watering streets..... 189
Citric Acid in Diphtheria.....499, 767
Cleopatra's Needle.....311, 509, 622, 767
Closing remarks upon the First Volume of the REVIEW..... 766
Cloud bursts in Nevada..... 51
Coal Cargoes, spontaneous combustion in..... 56
Cold Baths in Typhoid Fever..... 126
Colognes for the sick room..... 178
Colorado, Auroral Display in..... 50
Coloring of Metals..... 612
Condiments, value of..... 33
Conflagrations, prevention and extinguishment of, 147
Connection between Storms and Sun spots..... 393
Consumption a disease of indoor life..... 498

8001
.516
v.1 97738

Contemporary Art in Europe..... 632
Continuous Railway Brakes, trial of.....35, 252
Cool Advice..... 297
Cooking of the Ancients..... 614
Copper Mines of St. Genevieve, Mo..... 603
Correspondence,.....425, 561, 641, 646, 755
Co-moscope, Prof. C. B. Boyle's..... 103
Cotton, to distinguish from Wool in fabrics..... 187
Cough Pills, Ricord's..... 439
Criminals, peculiarities of the brains of..... 503
Critical Periods in the Earth's History.....478, 522
Crops of 1876 in the U. S..... 53
Crosby, Prof. E. C, Science Teaching..... 301
Crystalline Figures on Glass..... 62
Culture of Bees..... 54
Curare in Hydrophobia..... 674
Curiosities of the Voice..... 413
Curium, Di Cesnola's discoveries at..... 65
Cyclones..... 49
Dangers of Anæsthetics..... 602
Deep Boring in Switzerland..... 316
" " London..... 627
Defence of Science in America..... 58
Dental Pathology..... 294
Dentifrices..... 355
Desiccated Eggs.....188, 313
Development of Deer's Antlers..... 628
Devil Fish..... 378
Diamond Hunting in Georgia..... 316
Di Cesnola's Discoveries at Curium..... 65
Diet, Alcohol as an Article of..... 182
Digital Reduction, the Laws of..... 500
Diphtheria, Treatment of.....34, 180, 500
Disappearance of the New Sun.....101, 632
Discoveries at Curium..... 65
" Mycenæ.....2, 656
" Olympia 200, 661
Dispersion of heat in the Solar System..... 513
Distinction between wool and cotton in fabrics..... 187
Distinguished Scientists in Kansas City..... 317
Dried Plants, how to preserve the colors of..... 435
Earth's Appearance from the Planets..... 669
Earth's Motion, Apparatus for recording..... 497
Earthquake Waves..... 244
Earthquakes in California..... 53
Earthquake in the Northwest..... 575
Eaton, Prof. T. J., on the History of Alchemy..... 456
Edison, T. A., Laboratory Notes by..... 60
Editorial Excursion to Hot Springs, Ark..... 254
Editorial Notes,
62, 127, 189, 252, 317, 380, 445, 509, 574, 638, 702, 766
Effect of Cutting off the Blood from the Brain..... 537
Eggs, Manner of Desiccating... .....188, 313
Electricity, Lamplighting by Means of..... 684
Electro-Plating, New Process for 465
Electro-Magnetic Quackery..... 600
Engineering 35, 610
" in the Rocky Mountains 208, 639
English Railways, condition of..... 442
Entomology..... 361
Ephesus, Cyprus and Mycenæ..... 656
Eruption of the Teeth..... 476
Essentials of English Grammer, Whitney's..... 372
Etruscan remains in Perugia 439
Eucalyptus, Fine Proof Qualities of..... 626
Evolution as Related to Critical Periods in the Earth s History.....478, 522
" Theory, Some of the Objections to the... 577
Excavations at Olympia.....200, 661
" Perugia 439
Explosions in Mines, Causes of..... 686
" Candy Factory..... 703
" of Steam Boilers..... 504
Eyes, the Hygiene of the..... 359
Familiar Talk Concerning the Teeth..... 122
Feeding of Infants. 301
Filtering Apparatus for Waterworks..... 568
Fire Proof Paper..... 444
" Qualities of Eucalyptus..... 626
Fires, Prevention and Extinguishment of..... 147
Fish, Silk-Spinning..... 251
" the Ribbon..... 369
" very rare, caught in Kansas River..... 768
Flannels, directions for washing..... 621
Flora of Arizona..... 380
Floriculture. 433
Flowers, the Action of Ammonia upon..... 627
Flowers, Light-Emitting..... 314
Flower Garden, plan for a small one..... 185
Food, Adulteration of..... 374
Foreign Correspondence.....425, 561, 755
